

## INSURANCE BENEFITS

Thank you for choosing Mansfield Dental Associates PA. Our office is please to accept your insurance assignment as soon as your coverage is verified. *As a courtesy to you, we will file your claims and assist you in every way we can.* Please read and know the benefits and limitations of your policy. Some policies pay a set fee for services while some only a percentage of the fees charged. Still others will not pay benefits at all unless you go to a dentist enrolled in their program. Rarely does a policy cover 100% of the fees charged. In addition, some policies do not cover every type of dental procedure.

As a courtesy to you, we will make every attempt at the beginning of your dental care to receive verification of your policy and the amount of your coverage. *At each appointment, you will be expected to pay any unmet deductible and the portion of the fee not covered under your policy.* We will accept directly the assignment of benefits paid by your insurance company. If you do not provide us with adequate insurance information, you will need to pay the total fee for treatment.

Our office cannot guarantee that your insurance company will pay. *Your policy is an agreement between you and your insurance company, not between your insurance company and our dental office. You are responsible for all fees and will be billed for any balance not paid by your insurance company. Your insurance should pay within 30 days. If your insurance has not paid within 60 days, the balance is due and payable by you.*

Please help avoid any misunderstandings with us. If you do not understand your insurance coverage or our office policies, let us know.
